

DEPARTMENT OF THE AIR FORCE
HEADQUARTERS AIR FORCE COMMUNICATIONS AGENCY (AFCA)
SCOTT AIR FORCE BASE ILLINOIS

MEMORANDUM FOR CITPO

DEC 04 2002

FROM: HQ AFCA/WF
203 West Losey Street Room 2100
Scott AFB IL 62225-5222

SUBJECT: Certificate of Networkiness Determination for Composite Health Care System (CHCS) Change Package P0071

1. We have determined that the modifications to the legacy system Composite Health Care System (CHCS) compromising change package # 71 do not change the security, supportability, and interoperability of CHCS. SAF/AQ Command, Control, Communications, Computers, and Intelligence Support Plan (C4ISP) policy memo, 25 Apr 02, requires AFCA provide a networkiness recommendation prior to production and fielding of systems using the AF communications and information infrastructure. We have reviewed the provided Release Notes and Major/Minor Modification Checklist for this release package. From this review, we find the changes do not affect the security, supportability, and interoperability of the current system or the Air Force Enterprise.

2. CHCS is currently considered a legacy system. It is slated to undergo certificate of networkiness assessment in conjunction with C&A reaccreditation due 15 Feb 03.

3. This determination is for this version only. The PM must notify HQ AFCA/WF of any subsequent releases or changes to the system's security, interoperability, or sustainability to determine if a new networkiness assessment is required. Please coordinate further networkiness actions with the point of contact listed below.

4. The HQ AFCA point of contact for CHCS is Mrs. Deborah Pulley, HQ AFCA/WFSR, DSN 779-6854, e-mail afca.wfsr@scott.af.mil.

CHARLES A. PUGH, Lt Col, USAF
